

## DEVELOPING A CHATBOT

Team ID:	PNT2022TMID34369
Project Name:	SKILL/JOB RECOMMENDER APPLICATION
Team leader:	REVATHI R

### BUILDING A CHATBOT AND INTEGRATE TO APP:

The screenshot shows the IBM Cloud console for a new Watson Assistant. The top navigation bar includes 'IBM Cloud', a search bar, and links for 'Catalog', 'Manage', and the user profile 'EVIGANAS BANU J's A...'. The main header displays 'Resource list / Watson Assistant-8n' with status 'Active' and an 'Add tags' link. A sidebar on the left contains 'Manage' (Service credentials, Plan, Connections) and 'Details' (Actions...). The main content area has a 'Start by launching the tool' section with buttons for 'Launch Watson Assistant', 'Getting started tutorial', and 'API reference'. Below this is a 'Credentials' section with fields for 'API key' and 'URL', each with a 'Download' and 'Show credentials' link. A 'Plan' section on the right shows 'Lite' and an 'Upgrade' button.

The screenshot shows the 'Home' page of the IBM Watson Assistant console. It features a 'Welcome, you're in the new Watson Assistant!' message. Below this is a 'chat bot (English (US))' section with 'No description'. A 'Get started' checklist is displayed with three items: 'Learn about Watson Assistant' (0 min), 'Explore your learning center' (0 min), and 'Explore Watson Assistant features on interactive demo site' (0 min). A progress bar indicates 0% completion. A 'Create a conversation' button is also visible.

The screenshot shows the 'Steps' editor in the IBM Watson Assistant console. The top navigation bar includes 'IBM Watson Assistant Lite', 'Upgrade', and 'chat bot'. The main content area is titled 'I have one issue in paying credit card bill'. It shows a 'Conversation steps' list with two steps: 'no problem can you explain it briefly' (Step 1) and 'This step has no content' (Step 2). The 'Assistant says' section shows the response 'no problem can you explain it briefly'. The 'And then' section shows the action 'Continue to next step'. A 'Preview' window on the right shows a simulated chat interaction with a customer.

## TO CONNECT WITH APP:

```
<script>
  window.watsonAssistantChatOptions = {
    integrationID: "66a20c11-cda3-443b-885f-8ad0ed2c4227", // The ID of this integration.
    region: "us-south", // The region your integration is hosted in.
    serviceInstanceID: "f0e03510-f198-4fa8-a111-86f1a4f21a35", // The ID of your service
instance.
    onLoad: function(instance) { instance.render(); }
  };
  setTimeout(function(){
    const t=document.createElement('script');
    t.src="https://web-chat.global.assistant.watson.appdomain.cloud/versions/" +
(window.watsonAssistantChatOptions.clientVersion || 'latest') +
"/WatsonAssistantChatEntry.js";
    document.head.appendChild(t);
  });
</script>
```
